Personal Statement

Ryan C. Fuhrmann, CFA, founded Fuhrmann Capital after coming to the realization that aspects of the investment profession serve Wall Street well, but not necessarily the needs of individual and related investors on Main Street. Ryan has nearly 25 years of experience in the investment field and focuses on developing close working relationships with his clients to help them attain their financial goals. He seeks a comprehensive understanding of client return objectives, risk tolerances, liquidity needs, investment time horizons, tax profiles, retirement goals and estate planning needs.
